# SUPERDOCTORS<sup>®</sup>

NEW YORK 2017

## Looking for a great doctor?

We asked local medical experts, and here's who they chose.

- Leading physicians in 45 specialties. P2
- PLUS:** *Rising Stars* highlights standout physicians already making an impact early in their careers. P18
- NEW:** *Super Specialists* Oral & Maxillofacial Surgery. P4

# We've done the homework for you.

**M**SP Communications, a leading researcher and publisher, has created the 10th Annual *New York Super Doctors*® Edition which includes doctors in 45 specialties. Consider this your essential guide to the area's top physicians.

## KEY

**THE LIST** - Here's how we put it together: When compiling our annual *Super Doctors* list, we asked physicians to nominate one or more colleagues (excluding themselves) they would choose in seeking medical care. Candidates were evaluated on myriad factors, including (but not limited to) peer recognition, professional achievement, and disciplinary history. Doctors who had the highest scores from each grouping were invited to serve on a blue-ribbon panel that evaluated other candidates. Only doctors who acquired the highest total points from surveys, research and blue-ribbon panel review were selected for inclusion.

Of course, no list is perfect. Many qualified doctors who are providing excellent care to their patients are not included on this year's list. However, if you're looking for exceptional physicians who have earned the confidence and high regard of their peers, you can start your search here.

*New York Super Doctors* join a prestigious group of doctors from around the country who have been selected to *Super Doctors*. The complete list of honorees can be viewed at [superdoctors.com](http://superdoctors.com).

Physicians selected to *New York Super Doctors* lists for at least 10 years were eligible to designate the honor in a paid advertisement using a Hall of Fame Logo.

This listing does not necessarily indicate that a doctor is a certified specialist in the designated field.

**BLUE BOLDFACE** indicates a profile on the specified page.

◇ indicates doctor's practice has a pediatric specialty or subspecialty.

\* indicates doctor's practice offers cosmetic/reconstructive procedures.

MSP Communications prepared this special advertising section. *The New York Times* did not contribute to the reporting, editing or sales of this publication

Disclaimer: The information presented is not medical advice, nor is *Super Doctors* a physician referral service. We strive to maintain a high degree of accuracy in the information provided. We make no claim, promise or guarantee about the accuracy, completeness or adequacy of the information contained in the directory. Selecting a physician is an important decision that should not be based solely on advertising. *Super Doctors* is the name of a publication, not a title or moniker conferred upon individual physicians. No representation is made that the quality of services provided by the physicians listed will be greater than that of other licensed physicians, and past results do not guarantee future success. *Super Doctors* is an independent publisher that has developed its own selection methodology; it is not affiliated with any federal, state or regulatory body. Self-designated practice specialties listed in *Super Doctors* do not imply "recognition" or "endorsement" of any field of medical practice, nor does it imply certification by a Member Medical Specialty Board of the American Board of Medical Specialties (ABMS), or that the physician has competence to practice the specialty.
